Dear Sir/Madam

Freedom of Information Act (FOI) 2000 - Request for Information Reference: Eligibility criteria for IUD/coil provision

I am writing in response to your request for information under the FOI 2000.

I can confirm in accordance with Section 1 (1) of the Freedom of Information Act 2000 that we do hold some of the information you have requested. A response to each part of your request is provided below.

FOI Request / Question	Question Response	Is there an exemption?	Exemption	Exemption Details
Please provide the following information relating to your sexual health service's provision of intrauterine devices (IUDs/coils):				
1. Any current written policies, clinical guidelines, or eligibility criteria governing access to IUD/coil fitting within your service.	Sexual Health staff at the Call Centre have a written SOP which provides details around the booking of patients for IUS/IUDs Please see FOI 1281 Q1.			
2. Whether IUDs/coils are provided by your service for non-contraceptive purposes (including but not limited to management of dysmenorrhoea, menorrhagia, endometriosis or cycle regulation).	The Sexual Health Service is only commissioned for the provision of contraception IUS/IUDs.			
3. Whether eligibility for IUD/coil fitting is contingent on pregnancy risk, sexual activity with men, or use for contraception.	The Sexual Health Service is commissioned for the provision of contraception IUS/IUDs. If a patient is of childbearing age and has the potential for future pregnancy, then a IUS would be appropriate for our service to fit.			
4. Any guidance provided to clinicians on assessing patient eligibility where contraception is not required for pregnancy prevention. • If policies differ by clinic site within your service, please provide details for each site.	Clinical staff within the Sexual Health Service are aware of the indications for IUS/IUD fits as outlined in question 3. The Sexual Health Service is only commissioned for the provision of contraception IUS/IUDs.			
Please also provide the following information relating to IUD/coil provision within your sexual health service:				
5. The average and median waiting time for IUD/coil fitting appointments over the last 12	We do not monitor the average/median waiting times for IUS/IUD fits.

months. Whether waiting times differ depending on the stated reason for fitting (e.g. contraception vs non-contraceptive medical use).	<p>The Sexual Health Service is only commissioned for the provision of contraception IUS/IUDs.</p> <p>If a patient attended today requiring an IUS fit, we are currently booking these with a 5 week wait.</p>			
6. Whether patients seeking IUDs/coils for non-contraceptive purposes are routinely referred elsewhere (e.g. GP or gynaecology services), and if so, to which services.	<p>Patients directly contacting the service for non-contraception IUS/IUD fits and advised to attend their GP for appropriate management (ie practice to arrange in house IUS fit, or refer to gynaecology services).</p>			
7. Any prioritisation criteria used when allocating IUD/coil fitting appointments.	<p>If a patient attended today requiring a routine IUS/IUD fit, we are currently booking these with a 5 week wait.</p> <p>If a patient requires a copper IUD for emergency contraception, this is booked with a CoSRH-registered coil fitter within the recommended time at one of our county sites.</p>
